

Keep It Smokin BBQ at all of your events and parties!

My name is Kevin McCormick, owner of Keep It Smokin BBQ, a mobile BBQ unit operating out of Hagerstown, MD. It is owned by myself, wife Lacey, and daughter Mia. We relocated to the area in 2004 by way of San Diego, CA. My barbecuing experience first began when I was a child watching my grandpa Victor barbeque steaks over an open pit style barbeque. I knew then I had the passion for barbeque. It has been over 15 years now of trying different ways of barbecuing in the backyard on a small scale.

Our goal is to provide our customers with a wide variety of smoked and grilled meats with a unique style but also staying true to traditional barbeque. We will continue to expand our menu in order to bring different regions of barbeque to the area. We will begin with working events and also offer catering.
